Company President Acquires 100% Ownership in Lighting Manufacturer

B-K Lighting is very pleased to announce that President and CEO, Douglas W. Hagen has, as of February 2004, acquired 100% of the outstanding shares of B-K Lighting, Inc. Mr. Hagen is one of the original founders and has held the positions of Vice President of Sales and Marketing and, for the past ten years, as President/CEO. B-K Lighting is celebrating its twentieth anniversary in 2004.

Bruce Kalkowski and Brad Kious, both founding members of B-K Lighting, are semi-retiring and pursuing other business interests. Mr. Kalkowski's most recent position with B-K Lighting was as Executive Vice President. Mr. Kious's most recent position was as Board Member. "Everyone at B-K Lighting wishes both men a very prosperous and successful future," Mr. Hagen stated. Mr. Kalkowski may be reached at 559-299-6252 and email at kalkowski@sbcglobal.com.

B-K Lighting is an industry-recognized leader in specification architectural outdoor, landscape and custom lighting products. They are consistently recognized as one of the top 20 lighting manufacturers in the United States. They hold several industry-recognized awards for patented innovations such as the ACV™, 360HD™ and Tenaya® Series products. B-K Lighting is marketed world wide by a network of over 100 independent Sales Representative offices.

"This acquisition ensures B-K Lighting will remain an innovative and independent U.S. lighting manufacturer. Too many of the good companies have been acquired by the conglomerates, and lost their edge and identity. We will continue to be a solution-oriented American lighting manufacturer," Hagen states. "Continuity in ownership and management have positioned us with tremendous growth potential," Hagen adds.
