NOTE: Not all configurations may be compatible with one another. Please configure the product for specific 2D, Photometry, Downloads, Spec Sheet and Compatible mountings and power supplies.

GLOW STAR - Bollard - Line Voltage Via Transformer - LED High-Power - Brass - Style E - Height: 6" - 24" - Pipe PI1 - 18" Junction Box

Features

Anti-condensation vent allows moisture to exit the fixture but never enter in

Lens factory adhered to fixture cap providing hermetically sealed optical compartment

Manufactured in the USA with sustainable processes

Water-tight anti-siphon plug prevents moisture ingress from wireways

Secured with tamper-resistant, stainless steel hardware

Easily replaceable modular components reduce waste and extend fixture life

Slip fit cap & high temp. silicone 'O' ring provides reliable water-tight seal

Solid billet fixture body provides unmatched durability and heat management

Technical

Driver: Line Voltage Via Transformer

Light Source (Type): LED High-Power

Material: Brass

CCT (K): Amber, 2700, 3500, 3000, 4000

CRI: 80, 90

Input Power (W): 7

Delivered Lumens (lm): 63 - 63

Control: Non-dimming

Mount: Pipe PI1 - 18" Junction Box

Style: Style E

Size: Height: 06", Height: 12", Height: 18", Height: 24"

Wiring Length: Standard

Finish: Standard Finishes, Premium Finishes, Brass Finishes, Other - RAL, Other - Custom Color

Body: Unibody design with enclosed, water-proof wireway, integral heat sink, fully machined from solid billet, anti-condensation and corrosion vent equalizes fixture pressure and eliminates potential for damage to internal components.

Material Detail: Furnished in brass (360).

Light Source Detail: High power LEDs modular design with electrical disconnects.

Hardware: Tamper-resistant, stainless steel hardware.

Sealing: 'O' Ring provides water-tight seal., Anti-condensation and corrosion vent equalizes fixture pressure and eliminates potential for damage to internal components.

Note: Stability Flange included., Transformer included., Adjust-e-Lume, an LED board feature, allows for dynamic lumen response at the individual fixture. Indexed (100% to 25% nom.) lumen output. Maintains output at desired level or may be changed (A9 to A1). Standard preset from the factory is A9 (100%).

Finish Detail: Powder coat or metal finish options available for brass material.

Warranty: 5-year limited warranty.
